

# Lisa Guerrero Golf Classic

Dear Friends of the Oxnard/Pt. Hueneme Salvation Army Free Medical/Dental Clinic:

Welcome to our 2009 Lisa Guerrero Golf Classic. Your participation and support of this event means that we are that much closer to achieving our goal of a new building for our Clinic. This stand alone facility next to the present Corps building would increase the scope of our services to include more exam rooms, specialty clinics, on-site x-ray, social and legal services, more dental chairs, a minor surgery room, and physical therapy.

The Clinic history began in Oxnard in 1993 in a small room at the Corps former facility on Saviers Road. In 1992 a new Corps facility was opened with the designation of two examining rooms, pharmacy, patient intake room, dental clinic and administrative offices.

Our mission is to serve those in Ventura County who are uninsured, underinsured or who simply fall between the cracks in our health care system. Thus, our clients are mainly the poor and homeless, migrant worker families, and referrals from the Union Rescue Mission. Ninety percent of our patients demonstrate health care illiteracy and about fifty percent are illiterate in their own language. Patient Assistance Programs help us give our patients free health care and medications that are either free or heavily discounted. We also provide general basic dental care at no charge.

We currently have twenty volunteer Physicians, a part time staff Dentist, three volunteer Dentists, two staff Registered Nurses, and four volunteer Pharmacists. In addition, we are supported by the laboratory and radiology departments of St. John's Medical Center and Community Memorial Hospital, and the services of the specialty clinics at the Ventura County Medical Center.

Last year we provided over 2,700 clinic visits to about 800 patients of all ages, treating acute conditions and chronic illness such as diabetes, hypertension, elevated cholesterol, and obesity. Patients participate in an aggressive health education program which has demonstrated significant improvement and maintenance in the care of their diabetes and hypertension.

We feel that we are providing a significant service to the citizens of our county, but all of this requires the support of the community around us. We cannot do it alone and need your participation and input to be successful.

Thank you again for all that you do help the less fortunate in our county.

Sincerely,  
Harry Drummond, MD  
Medical Director

## THE SALVATION ARMY IN OUR COMMUNITY

Our Medical Clinic opened in 1989 to provide preventative care, disease management and treatment for illness for those who are unable to access healthcare due to lack of funds, education, insurance, and awareness. The clinic also benefits the community by relieving crowded conditions in our local emergency rooms. Our holistic approach teaches patients how to become active participants in their own health care while helping to integrate them back into the mainstream.

We added a free Dental clinic in 1999 to provide screening, hygiene and treatment. This licensed facility is the only resource available to the uninsured in our community. In the near future, our goal is to reach out to children and their families through the local education system.

The generous support of the sponsors and donors of The Lisa Guerrero Ocean View Golf Classic will enable The Salvation Army to continue to sustain and expand our free clinic.

# Lisa Guerrero Golf Classic

Volunteer physicians and dentists provide free medical and dental aid to those who cannot afford these services.

This Salvation Army program helps to relieve crowding at local emergency hospital facilities.

Over 3,500 low-income and homeless people received food baskets from our Pantry between January 2008 and December 2008. The number continues to grow each year.
